

Conflict of Interest Declaration

AIIMS Bhubaneswar

Tobacco is one of the most important causes of preventable deaths globally. It causes addiction which has both acute and chronic health consequences, ranging from acute exacerbation of asthma to several cancers. Its ramification is not limited to the users alone but affects families, communities and nations. The tobacco industry is known to be corrupt and practices unfair means to sustain their business over the cost of population health. The WHO and many leading public health organizations have warned that the tobacco industry could easily mislead communities and governments to generate profit at the cost of people's health.

The tobacco industry has been known to influence research unethically and create lobbies that favour the industry directly or indirectly. They are also known to misuse the corporate social responsibility concept and have been known to fund research and development projects through vicarious means.

AIIMS Bhubaneswar is an institute of national importance and upholds the highest degree of responsibility and accountability for population health. It has declared itself a tobacco-free campus in 2014. It recognizes that there is a fundamental conflict of interest between the population health that it intends to protect and the tobacco industry, which seeks to harm.

Thus, AIIMS Bhubaneswar is against all kinds of tobacco use and does not partner with any entity directly or indirectly related to and /or engaged with the tobacco industry. We do not partner, invest in or get investment from organizations with interests in the tobacco industry, or those who further the agenda of tobacco companies. We do not and shall not accept and/or endorse any direct or indirect support from the tobacco industry neither in cash nor in kind.

**Suggested members for Core Committee on Framing an Action Plan on Tobacco Control in
AIIMS Bhubaneswar**

There should be representation from these sections / departments.

Sl No	Name of the Department
1	Community Medicine & Family Medicine (Nodal Person)- Member Secretary
2	Psychiatry
3	Pulmonary Medicine
4	General Medicine
5	Surgical Oncology
6	Paediatrics
7	Hospital Administration
8	MS / DMS
9	Security Officer
10	ENT
11	Dentistry
12	Staff Representative
13	Students Representative

As suggested by the National team, the committee should be preferably chaired by the Head of the Institute who has control over all the sections; hospital, academic & administration.

Re: Reminder: Meeting Link for the upcoming Working Group Meeting on Tobacco Control Action Plan for AIIMS

Sir,

Thank you for forwarding the email about the meeting and nominating me as the nodal officer for the **Framing an Action Plan on Tobacco Control**. I attended the meeting which ran over two hours. Many pertinent issues were discussed as to how the institutes should go ahead with the tobacco control activities within the institutes and beyond.

Some of the issues that need immediate action are:

1. Formation of the **Core Committee for Tobacco Control in AIIMS Bhubaneswar**. The recommendation was that it be chaired by the Director. (will send the essential members list in the file tomorrow)
2. Display of **signages at strategic places** on the campus (some are already there but they are too few in number).
3. Display of **Conflict of Interest Declaration** that AIIMS Bhubaneswar will not only maintain the tobacco-free status but also not partner with any agency that has direct or indirect association with tobacco companies. (will send the format in the file tomorrow)
4. **Sensitization sessions** for faculty, residents, interns, nursing personnel, staff and students on tobacco control. (The committee can plan for the sensitization programme after formation).
5. I may be permitted as a nodal person to communicate with the state and the district officials for tobacco control activities.

Thanking you

Yours sincerely,

Dear Colleagues,

Warm Greetings from WHO Awarded RCTC-PGIMER, Chandigarh!

At the outset, I wish to thank you for confirming your participation in the upcoming first Working Group Meeting of Nodal Persons from AIIMS for **Framing an Action Plan on Tobacco Control on August 30th, 2023 (from 3:00 pm to 5:00 pm)**. This meeting will bring together nominated nodal persons from various AIIMS institutes to collectively develop a comprehensive strategy against tobacco use in India.

In the scheduled meeting to be held on 30th August, I urge you to come prepared with a 2-pager draft action plan (activities under short term- one month; medium term- 3 months; long term- one year) for your institute. This will allow us to discuss, review and finalize the plans during the meeting.

For your reference, please find the draft agenda attached to this email. The meeting will be held via Zoom with the following details:

Respected Sir/Madam,

This email is in reference to the '3rd National Consultation on Dissemination of Good Replicable and Innovative Practices of Tobacco Control in India' held on 18th July 2023 at NAMS, New Delhi wherein everyone has collectively agreed upon nominating at-least one faculty to steer tobacco control activities in the institute and region.

Following the event, we have received response from the institutions, as under:

Sr No	Name of Institute	Nodal Person
1	AIIMS, Bibinagar	Dr Kishore Yadav
2	AIIMS Deoghar	Dr. Santanu Nath
3	AIIMS Jodhpur	Dr Pankaj Bhardwaj
4	AIIMS Rishikesh	Dr Pradeep Agarwal
5	AIIMS Kalyani	Dr Aniruddha Basu
6	AIIMS Gorakhpur	Dr Anand
7	AIIMS Mangalagiri	Dr Vinoth Kumar Kalidoss
8	AIIMS, Jammu	Dr Nitesh Kumar

In light of the above, we kindly request you to nominate a dedicated Nodal Person who will play a pivotal role in designing and implementing the strategic plan identified during the consultation. PGIMER shall mentor these nominated faculty members in designing and executing the plan.

In this regard, we are planning to convene an online meeting with the nominated Nodal Persons in on **31st August 2023**. Therefore, it is requested to nominate a faculty member preferably by 21st August 2023. We shall inform about the meeting related logistics to the confirmed nominated faculty members.

We look forward to your prompt response and to the prospect of collaborating closely with the Resource Centre for Tobacco Control at PGIMER Chandigarh.

With Regards,

Prof. Sonu Goel
Director -E-RCTC & Professor,
Department of Community Medicine & School of Public Health,
PGIMER, Chandigarh.

Short Term Goals

- Display of conflict of interest
- Formation of core committee/working group
- Display of signages around the campus
- Reach out to the STCC and the DTCC
- Sensitization among faculty, nursing personnel, residents, interns, staff and students

Mid Term Goals

- Plan for the introduction of the tobacco control module in the MBBS/Nursing curriculum (?MD/MS module)
- Inter-departmental coordination for tobacco cessation
- Full collaboration with STCC and DTCC
- Research projects/Thesis
- Champions in terms of patients and staff
- Media engagements

Long Term Goals

- Evidence generation and advocacy at state/regional level
- Short Courses on tobacco control
- Engagement with other stakeholders including NGOs
- Seek funding for tobacco control activities eg counsellor
- Observe important relevant days

Conflict of Interest Declaration

AIIMS Bhubaneswar

Tobacco is one of the most important causes of preventable deaths globally. It causes addiction which has both acute and chronic health consequences, ranging from acute exacerbation of asthma to several cancers. Its ramification is not limited to the users alone but affects families, communities and nations. The tobacco industry is known to be corrupt and practices unfair means to sustain their business over the cost of population health. The WHO and many leading public health organizations have warned that the tobacco industry could easily mislead communities and governments to generate profit at the cost of people's health.

The tobacco industry has been known to influence research unethically and create lobbies that favour the industry directly or indirectly. They are also known to misuse the corporate social responsibility concept and have been known to fund research and development projects through vicarious means.

AIIMS Bhubaneswar is an institute of national importance and upholds the highest degree of responsibility and accountability for population health. It has declared itself a tobacco-free campus in 2014. It recognizes that there is a fundamental conflict of interest between the population health that it intends to protect and the tobacco industry, which seeks to harm.

Thus, AIIMS Bhubaneswar is against all kinds of tobacco use and does not partner with any entity directly or indirectly related to and /or engaged with the tobacco industry. We do not partner, invest in or get investment from organizations with interests in the tobacco industry, or those who further the agenda of tobacco companies. We do not and shall not accept and/or endorse any direct or indirect support from the tobacco industry neither in cash nor in kind.

Short Term Goals

- Display of conflict of interest
- Formation of core committee/working group
- Display of signages around the campus
- Reach out to the STCC and the DTCC
- Sensitization among faculty, nursing personnel, residents, interns, staff and students
