Desirable: <ul style="list-style-type: none">• One-year experience. Age limit: <ul style="list-style-type: none">• 35 years	31500* + incentive

This salary is as per ICMR rules and is like to be revised from time to time. The rules for calculation of incentive will intimated before starting of field work.

Scope of work:

1. Training of project staff

A training program will be held in a location connected by air for a period of two weeks. The recruited staff will proceed for the training program immediately after joining. All aspects of the training program will be organized by the central team in Delhi. During the training, every aspect of the survey will be explained in detail with practical demonstration. After this training, interviewer will conduct at least five interviews before actual study data collection begins.

2. Data collection

The project personnel have to pay attention to the following issues for quality data collection.

- Equipment and supplies: The project coordinator should ensure that all the equipment, supplies and materials required for conducting interviews are in place.
- Contacting Respondents: The interviewers will give a reminder call to respondents the day before interview is scheduled. The interviewer should ensure that all interviews are done as per study protocols. The central monitoring team & USC team will monitor the survey implementation throughout survey duration.
- Coordinating with Lab personnel: The project coordinator shall communicate with the selected laboratory (for biomarker study) for sample collection a day prior. All the details of lab personnel should be available with coordinator as well as interviewer.
- Conducting Interviews: The interviewers should supervise the blood collection and ensure proper labeling and packaging of the samples. The coordinators shall generate the lab forms for blood transport. The interviewers shall conduct one respondent and informant interview per day. The project coordinator should supervise the logistic arrangements like vehicle arrangement, food arrangement and incentives for respondents and informants.
- Data uploading and security
- The interviewer should make sure that they have uploaded all the interview data and other images on the same day.

- All the survey materials, equipment and supplies should be kept in secured place in the designated lockers for survey during the survey period.
- The assessment sheets and consent form needs to be send to central project team at the end of survey.

How to apply:

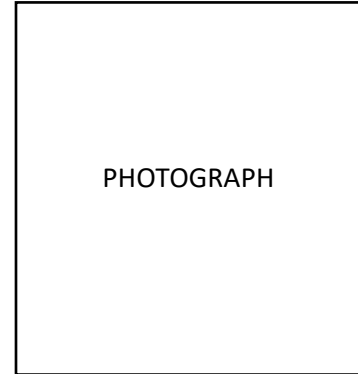

- Interested candidate should bring hard copy of duly filled application form (as per prescribed format), Updated curriculum Vitae (CV) and all original certificates of educational qualifications, documents in support of fulfilling the essential criteria of age, Passport size photo (4 in no) and a set of photocopies at the time of interview.
- **Date of interview:** 13th April 2023.
- **Reporting time & document verification:** 9.30 AM TO 11 AM
- **Interview time:** 11 AM onwards
- **Mode of interview:** Offline (subject to change as per Government norms due to COVID scenario)
- **Venue:** Academic block, room no. 422, office of the department of Medicine, AIIMS, Bhubaneswar, 751019
- **For any queries, contact**
