Sub: Overhaul of the class roster for 1st Professional MBBS students

Respected Sir,

In response to the concerns of the present class roster for the 1st Professional MBBS students, it has been decided that it needs an overhaul to prevent the menace of absenteeism before monthly examinations. The competent higher authority has reshuffled some classes keeping the class hours as before, for the 1st Professional MBBS students. The Departments need to be communicated about this change in the class roster.
