

“HANDS-ON CADAVERIC WORKSHOP ON BRACHIAL PLEXUS” Organized by Departments of Trauma & Emergency Medicine, Anatomy and Neurosurgery at AIIMS, Bhubaneswar on 16th May 2015

All India Institute of Medical Sciences (AIIMS), Bhubaneswar organised 2nd hands-on cadaveric workshop on brachial plexus at the lecture theatre and anatomy dissection hall on 16th May 2015. This workshop was organized by the combined effort of Departments of Trauma & Emergency Medicine, Anatomy and Neurosurgery. 20 neurosurgeons and plastic surgeons from different colleges of Odisha participated in this workshop. Out of this, 10 were residents in neurosurgery and plastic surgery pursuing their MCh degree. Dr. Sumit Sinha, Additional Professor, Dept. of Neurosurgery, AIIMS, New Delhi came to this workshop as expert faculty. This workshop on brachial plexus was 2nd hands-on cadaveric workshop in the field of Peripheral nerve surgery as well as Neurosurgery in Odisha. This workshop was sponsored by Indian Council of Medical Research (ICMR) .
