

The right to food is a human right. Safe food is an important key of a healthy human being. More than 200 known diseases are transmitted through food. The WHO day, theme of 2015 is decided to create awareness and educate food handler on food safety and safe food preparation.

Being health professionals, the faculty and students of College of Nursing, All India Institute of Medical Sciences, Bhubaneswar observed WHO day on 07 Apr 2015. A numbers of posters, models and live demonstration was done by Nursing students.

Students conducted a lively Exhibition based on the WHO day theme "Food Safety – Farm to Plate" which had the core themes of 5 keys – Keep clean, Separate raw and cooked, Cook thoroughly, Keep food at safe temperatures and Use safe water and raw materials.

The exhibition was held under the Chairmanship of Mrs Dharitri Swain, Asst. Prof. (HOD In-charge College of Nursing) and assisted by other faculty members Mr Nanda Kumar P, Mrs A. Serma Subathra, Mr Beni, Mr M.S. Reddy, Mr Azhar and Mr Bhima S. Babu.

Creativity, Innovativeness and Scientific exhibition was appreciated and encouraged by the Dr. A.K. Mahapatra, Director and Dr. Vikas Bhatia, Dean, AIIMS, Bhubaneswar. Also, HOD and Faculty of various Deptt., DNS and Nursing Staff of AIIMS, hospital also visited the site of the exhibition.

The exhibition was concluded by distributing prizes to each group as an encouragement and appreciation for the young nursing students.
