Dr. (Brig.) P S Bhandari  
Commandant Hospital, Udampur

Dear Delegates,

The AIIMS, Bhubaneswar, Odisha was established to create a centre of academic and research excellence. With the success of 1st cadaveric Hands-on workshop on brachial plexus, the department of trauma & emergency, neurosurgery and anatomy have endeavoured to organize the combined cadaveric & live surgery workshop which will help the young and interested neuro- & plastic surgeons to have a first-hand knowledge and skill of managing brachial plexus lesions. Our workshop and scientific sessions shall be a pathway for the young surgeons to learn from renowned faculties across India.. The cultural and spiritual monuments of Odisha provides an excellent backdrop for this event. On behalf of the Organizing committee I welcome you all to the academic feast.

Hoping for your esteemed participation.

Yours sincerely,

Dr. Ashis Patnaik  
Organizing Secretary
