ADVERTISEMENT FOR VACANCY IN A RESEARCH PROJECT

Applications are invited from eligible candidates for an extramural funded research project at AIIMS Bhubaneswar on a tenure basis.

Brief of the Project

Study Title: “**Development of EQ-5D-Y-5L value-set for India**”

Project Overview: This project aims to develop an India-specific value set for the EQ-5D-Y-5L instrument used to measure health-related quality of life in children and adolescents. The study is being conducted across six states of India—Haryana, Uttar Pradesh, Gujarat, Odisha, Tamil Nadu, and Meghalaya—to ensure geographical representation. In Odisha, adults from the general population will participate in computer-assisted face-to-face interviews to evaluate different health states. A multi-stage sampling method will be used, selecting districts, villages or urban blocks, and households systematically using a 30-cluster sampling approach. From each selected household, one adult respondent will be chosen for the survey. The findings will help generate health utility values to support health research and evidence-based healthcare decision-making in India.

Funding Agency: Department of Health Research, MOHFW

Project code: EMF/16/25-26

Principal Investigator: Dr. Manish Taywade, Additional Professor, Department of CM & FM
