

CORRIGENDUM

Ref: Tender no 11021(001)/(S&P)/2013-14 dated 31 . 05.2013 regarding "Supply, Installation & Satisfactory Demonstration of Laboratory Table"

1. Width of the table may be read as 5 feet instead of 4 feet 6 inches.
2. Height of table may be read as 3 feet including the leg height of 4 inches instead of excluding leg height of 4 inches.
3. The swan neck tap should be from reputed companies such as Jaquar, Arc, Kingstone, Hoffel, Roca or Water saver. The tap should be of S.S/ Brass with C.P coating.
4. Partition between leg spaces facing each other should be provisioned on both sides with a core of 6"to 8" for passage of pipes for water, wires/cables for electricity and gas.
5. The provision for tube light should be fitted underneath the rack.
6. The internal pipe connections of suitable diameter underneath the table should be provided for inlet/outlet for water, and conduit pipe for electric wires.
