Subject: Use of Draeger original accessories and consumables

Dear Sir,
We would like to draw your attention towards that every accessory used with Draeger Devices are checked for compatibility, Synchronicity and accuracy for lifesaving equipment installed at your esteemed institution.

Draeger accessories and consumables for Primus Anesthesia workstation along with Infinity monitors, are manufactured in compliance with international safety certifications & intended specifically to be used together with 'parent' medical device to enable the medical device to achieve its intended purpose. These accessories and consumables are tested and are certified (CE/FDA) with the Draeger devices and separately as well for highest patient safety. Using Draeger originals ensures the patient safety and machine functionality.

Using non-Draeger accessories and consumables may affect the machines functionality and affect the hemodynamic patient vitals and reliability of measurements. Moreover, the use of non-Draeger accessories and consumables can put the machine at risk, reduce the lifespan of equipment, it can damage the internal electronics, as these are not calibrated and tested for use with Draeger machines.

We would also like to add that any malfunctioned damage due to use of non-Draeger accessories and consumables will not be covered under Warranty/CMC and Draeger will not be responsible or liable for any patient injury due to the machines malfunction arising because of using non Draeger accessories and consumables.

Thanking You

Yours Faithfully
