

36th Annual conference of Neuro-otological and Equilibriometric society of India

NES 2017, AIIMS, Bhubaneswar

The **Department of ENT** and the **Department of Anatomy** in collaboration organized the 36th Annual conference of Neuro-otological and Equilibriometric Society of India at AIIMS, Bhubaneswar on 4th & 6th -8th January 2017.

It was an amalgamation of faculty from India and abroad (Italy, USA). There were more than 200 delegates with representation from India and Nepal. An audiological & vestibular rehabilitation /recent advances workshop was conducted on 4th January 2017. On 6th January a cadaveric dissection course followed by hands on dissection was conducted on Endoscopic sinus surgery and temporal bone dissection. Faculty from AIIMS, New Delhi, Italy and SMS Jaipur Medical College demonstrated the dissection on cadavers. The Department of Anatomy provided space and cadavers and faculty delivered talks for the participants. The main conference proceeding took place on the 7th of January and a live surgical workshop was conducted on the 8th of January 2017.
